# 24 ARE KILLED IN NEW YORK BLAST

## J. P. MORGAN & CO. OFFICES, WALL STREET, ARE WRECKED BY DYNAMITE EXPLOSION; HUNDREDS INJURED

### POLICE HEAD BLAMES PLOT FOR DISASTER

Declares Explosion Was Result of Conspiracy; Time Bomb Theory.

### BLAST'S EXPANSE WIDE

Many Girls Are Among the Dead and Injured; Several Burned.

NEW YORK, Sept. 16.—A former high official of New York's police department who refused to be quoted at 12:30 o'clock this afternoon, after an investigation of the scene of the explosion at the J. P. Morgan offices, declared that it was the result of conspiracy.

"The explosion was caused by a time bomb in a wagon load of nitroglycerine set to go off at exactly 12 o'clock," he declared. "This wagon load of explosive was purposely set off directly in front of the Morgan offices."

NEW YORK, Sept. 16.—(1 p. m.)—Members of the bomb squad of the police department expressed the belief that the explosion was caused by a bomb. They say they have found dozens of iron slugs ranging from one to four inches in length along Wall street. They believe that these slugs were parts of the bomb. There were two vehicles on the Wall street side in front of Morgan's bank that were caught in the explosion. One was a horse-drawn vehicle which was annihilated and the other was a small touring car which immediately burst into flames.

The police do not know which one of these two vehicles carried the explosives which they say may have been in the form of a bomb or may have been a high explosive for use in excavating work on building construction in the vicinity of the Morgan bank.

NEW YORK, Sept. 16.—As an indication of the expanse of the burst of flame from the explosion in the street in front of Morgan's bank ambulance workmen found three young women badly burned in a banking house at 42 Wall street, almost half a block away. These young women had remained at their desks. After this discovery ambulance workers canvassed

## 5,000 MINERS RESUME WORK

Majority of Idle Men In the Scranton District to End Strike.

SCRANTON, Pa., Sept. 16.—Five thousand miners in the Scranton district resumed work this morning and the indications are that the majority of the 70,000 men idle in the local district will be back at work before the end of the week.

At a session of the insurgents last night a large number voted to go back to the mines and the general sentiment expressed by the diggers was for a full resumption of work.

"We are ready to go back if the men of district 7 and 9 do," said Enoch Williams, leader of the insurgents.

Miners employed at the Pipebrook mine, one of the largest in the city and workers at the Dunmore collieries of the Pennsylvania Coal company, resumed work today.

## Automobile is Said to Have Crashed Into Wagon Load of Explosive on Its Way Through Financial District to Site of New Stock Exchange Building.

NEW YORK, Sept. 16.—At least 24 persons were killed and hundreds of others were injured and the offices of J. P. Morgan and company were wrecked by a gigantic explosion at Wall and Broad streets in the heart of the financial district at noon today.

The origin was believed this afternoon to have been a wagonload of dynamite on its way through Wall street to the excavation site of the new stock exchange building on the southeast corner of Broad and Wall street. An automobile is said to have crashed into the vehicle carrying the explosive just as it was between the Morgan offices and the United States sub-treasury where millions of dollars worth of government funds and bullion are stored. United States troops were rushed to the scene to guard the sub-treasury and the federal reserve bank.

Business was brought to a standstill throughout the financial district. The stock exchange and curb market closed down. Sensational reports of a bomb plot threw bankers and brokers into a panic.

### Bomb Plot Rumors Heard

If the explosion was caused by an anarchist's bomb which intended to destroy the life of J. P. Morgan, it was a futile enterprise because Morgan is at present in Europe.

All available doctors, nurses, and ambulances, including army surgeons, ambulances and Red Cross nurses, were rushed to the scene. A number of the injured died in the Broad street hospital.

Pandemonium reigned throughout all lower New York. An immense crowd of tens of thousands of persons jammed the narrow streets in the financial zone.

Scores of police rushed to fight the crowds back to open the way for ambulances and fire trucks. The Hanover exchange of the New York telephone system, which serves the financial district, was put out of commission by the blast, adding to the confusion.

### Bodies Are Badly Mangled

A mountainous pile of debris was thrown up in front of the wrecked Morgan building. Three disemboweled carcasses of horses and the wrecks of half a dozen automobiles cluttered the corner of Broad and Wall streets.

Police Commissioner Enright rushed to the scene and took personal direction of the army of policemen. After a superficial investigation the police commissioner said that he believed that a wagon load of dynamite caused the blast.

Mayor Hylan dashed to the scene in his automobile to give such aid as he could to the authorities.

Within twenty minutes after the explosion fifteen bodies had been recovered. Some were badly mangled. They were quickly removed for identification. Later the death list increased.

Many young women stenographers, who were on their way to lunch, were caught in the hurricane of debris thrown up by the explosion. Many were hurt, others were hurled from their feet; others fainted from sheer fright.

The dead were carried across the street and laid out upon the steps of the United States sub-treasury.

In front of the sub-treasury building was a pool of blood and part of a straw hat, all that was left of some luckless pedestrian who had been blown to bits.

So far as could be learned the only member of the J. P. Morgan firm who was on the scene was Thomas W. Lamont. He was in his private office dictating letters and talking with a business caller when the detonation occurred.

Junius Spencer Morgan, son of J. P. Morgan, was cut in the hand by flying glass. It is understood that he is not a Morgan partner, but is only learning the banking business.

The police estimated that from 200 to 300 persons had been more or less injured. Most of them were pedestrians. Many of them suffered injuries so slight that they were able to go home or to offices where they are employed for treatment.

Word reached here at 1:30 p. m. that W. J. Flynn, chief of the United States secret service, was speeding to New York on a special train to take charge of the federal end of the investigation.

### STOCK SHARES ARE LOST IN EXPLOSION

NEW YORK, Sept. 16.—Reports of lost stock shares began to be received at the stock exchange this afternoon and it is believed that these securities were in the hands of messengers who may have been injured in the explosion. One hundred shares of Reading company stock and one hundred shares of Pittsburg, West Virginia stock were reported as missing.

### ONE HOUSE SCENE OF TWO TRAGEDIES

MARTINS FERRY, Sept. 16.—The second uxoricide attempt and suicide in four months in the same house occurred last evening when Julius Glowoski, 39, a Slavish coal miner, fired five bullets in a brutal attempt to kill his wife who had just returned from Chicago after a separation.

Failing to hit her, he killed himself.

Mrs. Glowoski was visiting a family residing in a house in which Steve Kozolko shot his wife and then committed suicide last May. Mrs. Kozolko recovered.

Glowoski and Kozolko were each the father of six children.

## TABERNACLE IN SIXTH STREET ROBBED; SONG BOOKS TAKEN

Evangelist Bob Jones And City Officials In Conference.

### TRY TO CURB NOISE

Big Shed Will Be Razed Following the Revival Campaign.

By M. K. ZIMMERMAN

Three times the Sixth street tabernacle has been robbed since it was put under roof. First, several locks were taken from doors, then later a number of light bulbs were taken. Wednesday afternoon between 4:30 and 6 o'clock one of the front doors was pried open, and the storage room robbed of 42 "Victory Songs."

City officials and Bob Jones held a conference at the close of the Wednesday night meeting. The latter in the midst of his sermon made reference to the noise of boys in the alley in the rear of the building. Chief of Police Hugh McDermott and Safety Director G. L. Brokaw explained to some ministers and Mr. Jones that every available officer that could be spared was on duty at the tabernacle. The officers were stationed in front and on the Odd Fellows temple side of the building. The boys making the noise in the rear of the building shout as they ran past the rear of the big shed.

"I'll do police duty myself," declared Safe Brokaw, "so that the situation can be helped."

Ministers and others interested in the campaign admit the big shed was built in the worst part of the city, insofar as noise is concerned.

It has been insisted that a day and night watchman be employed at the tabernacle on account of fire hazards. The request has also been made that doors be placed in the blind wall in front of the tabernacle at the curb.

An order is expected from the state fire marshal's office any day ordering the razing of the tabernacle immediately at the completion of the revival campaign.

After the situation of the city as a whole was explained to Bob Jones, it didn't take a minute to fix matters. Ladies of the Eastern Star presented Mrs. Loren Jones with a hand-

## WEALTHIEST MAN FINDS NO HAPPINESS IN MONEY

John D. Rockefeller, Now Traveling Toward 82nd Milestone of Life, No Longer Interested In Making Money.

By FLOYD MacGRIFF.  
NEW YORK, Sept. 16.—The richest man in the world is no longer interested in making money. More than that, he is not overly concerned with what becomes of the

greatest single fortune ever accumulated, though he hopes it may be used for good purposes.

John D. Rockefeller, now traveling towards his 82nd milestone of life, is a hermit. Surrounded by a few faithful servants, the man who has piled up millions until today he is worth a billion of dollars—a thousand million—the retention of it.

His chief joy in life is playing golf—and he indulges that pleasure for an hour and a half to two hours every day the weather permits.

Secluded in his Pocantico Hills, N. Y., estate, with only a few intimate cronies to chat with at frequent inter-

vals, and never seeing a casual caller, the man who was oil king—for he no longer wears the title—has turned contemplative, philosophical and disinterested in worldly affairs.

He no longer devotes himself to the worries incidental to possessing such a vast fortune, the real responsibility today for the future care of the Rockefeller fortune is on the shoulders of John D. Jr., and selected trustees.

But this change in direction and control of the Rockefeller wealth is due in no sense to the age, mental or physical incapacity one might link with such an aged man as John D. Sr.

## HARDING TO MAKE SIX MORE PORCH SPEECHES

G. O. P. Nominee's Program for Final 10-Day Stay At Home Lightened—Friday "Constitutional Day."

By GEORGE R. HOLMES.

MARION, Sept. 16.—Senator Warren G. Harding will make at least six set speeches on various issues of the campaign from his front porch before September 26, when he is scheduled to leave Marion for a short swing through several mid-western states.

The senator's program has been lightened somewhat for the final ten days of the stay at home, allowing him time for golf and recreation which

he has been neglecting lately.

Tomorrow, "Constitutional day," the senator will deliver a speech in which he will fire several additional volleys at the Democratic position on the league of nations, and stress the need for America to adhere strictly to the constitution.

Delegation are coming to hear it from Ashland, Champaign, Cuyahoga, Defiance, Knox, Logan, Ottawa, Putnam, Tuscarawas and other Ohio counties.

On Saturday, Senator Harding will address a large number of foreign born citizens from various large cities of the country on the duties of citizenship.

No delegations were due in Marion today and Senator Harding planned to spend a good part of the time working on the speeches which are coming.

### CALVIN SOWERS' SKULL IS FRACTURED

Calvin Sowers, 29, of 1818 McKee avenue, East End, is in a critical condition at the City hospital with a fractured skull sustained in an accident at the Krous Chemical Research Laboratories plant in the East End at noon today.

Sowers was struck on the head with a rapidly revolving wheel. He was placed on the operating table immediately upon his arrival at the hospital. Physicians have hopes of his recovery.

### TO OFFER REWARD IF BOMB CAUSED BLAST

NEW YORK, Sept. 16.—(2:15 p. m.)—Mayor Hylan announced this afternoon that he would ask the board of estimate to offer a \$10,000 reward for information leading to the identity of the persons responsible for this afternoon's explosion if the authorities decided that a bomb had caused it. The police officials on the scene have not given up the theory that a time bomb had been placed in front of the Morgan bank.

### MACSWINEY'S ON 35TH DAY OF HUNGER STRIKE

LONDON, Sept. 16.—Terence MacSwiney, Sinn Fein lord mayor of Cork was in great pain when he began the thirty-fifth day of his hunger strike in the Brixton jail infirmary. His condition was officially reported "unchanged" at 4 o'clock.

Friends who visited MacSwiney at noon said he had spent a very bad night. He was very weak and completely worn out.

### JACOB STEIN HOST AT ELKS' TEMPLE PARTY

In honor of their house guests and sales force, Mr. and Mrs. Jacob Stein presided at a four-course dinner last evening in the Elks' temple in West Fifth street. The affair was held in connection with the opening of the new Stein department store.

Ninety guests were assembled about the table, which was adorned with baskets of cut flowers. Attorney Ben L. Bennett was toastmaster. Music was furnished by the Lodge orchestra.

Among the out-of-town guests were Edward S. Miller, I. S. Miller, Jonas Miller, Max Greenberg and Julius Blauner, of New York; Mrs. M. Stein, and son, Joseph Rosen; Henry Steinlauf; A. A. Volk; A. Elsmann; Harry Miller; Louis L. Rosenthal; Julius Braun, William and Julius Levy of Pittsburgh.

## JACK GLYDER ARRESTED ON ROBBERY COUNT

Former Merchant is Charged With Breaking and Entering Davis Haberdashery.

### LOOT WORTH \$3000 TAKEN

Accused Taken Into Custody At Toronto By Chief McDermott.

Jack Glyder, former proprietor of a men's furnishing establishment in the American theatre building, East Sixth street, was placed under arrest at 10:30 o'clock Thursday morning by Chief of Police Hugh McDermott and Marshal W. L. Paisley of the Toronto police department at his place of business in Fourth street, Toronto, charged with the theft of \$3,000 worth of men's furnishings from Maurice Davis, new proprietor of the East Liverpool store two weeks ago.

Mr. Davis, who accompanied Chief McDermott to Toronto today, identified a part of Glyder's stock as the loot taken from his store. Included in the lot was more than 50 suits of men's clothes, 300 silk shirts, 30 dozen pairs of silk socks and a quantity of men's silk neckties.

At the request of East Liverpool police, Mr. Davis went to Toronto yes-

### SENATOR HARDING TO SPEAK AT WHEELING

MARION, Sept. 16.—Senator Warren G. Harding will speak in Baltimore, Wheeling, W. Va., and Ashland, Ky., on his second of the campaign trips away from the Marion front porch. It was announced here today.

The senator will leave Marion the night of September 26, speaking at the armory in Baltimore on the night of the 27th. The night of September 28 he will speak in Wheeling, and the next night, September 29, in Ashland, Ky. Senator Harding will return to Marion September 30.

Senator Harry S. New, chairman of the speakers' bureau, sent word from Chicago today that Senator Harding positively would not make a trip to the Pacific coast and would make no speech as far west as Denver.

### HOUDINI'S RIVAL TO HANG FROM LITTLE BUILDING

Billy O'Brine, claiming to be Houdini's closest rival, will give an open air exhibition in the art of slipping from a straight jacket in the Diamond Friday afternoon at 3 o'clock and Friday evening at 6:30 o'clock.

O'Brine will hang face downward from the top of the Little building, securely encased in a straightjacket with his hands bound behind his back. He will free himself within a few minutes.

O'Brine also offers to allow four men to bind with 70 feet of chain, nine padlocks and 220 feet of rope and to free himself in a twinkling.

He made 11 trips across the Atlantic ocean with a U. S. destroyer convoy during the world war, having enlisted five days after America declared war and serving until July, 1919.

## DUET HELD FOR LARCENY FLEE AFTER SAWING BARS OF CELL

Clarence Doty of Toronto and William Cull of Bellaire Escape.

### CUT HOLE IN ROOF

Steel Saw and Brace and Bit Are Passed to the Prisoners.

By means of a brace and bit and a steel saw which was passed to them from outside, Clarence Doty, of Toronto and William Cull, of Bellaire, being held for the grand jury on charges of grand larceny in connection with a number of railroad robberies in Chester and Newell, several months ago, sawed their way out of the Hancock county jail at New Cumberland, W. Va., early Thursday morning.

The jail delivery was discovered by W. M. Pickus, the county turnkey when he went to the jail about 7 o'clock this morning to give the prisoners their breakfast. A call was immediately sent to the police of Toronto, Stenboville, Weirton and other nearby towns, requesting them to be on the lookout for the fugitives.

The arrest of Doty and Cull, during the early part of July, followed the visit to Chester of Pennsylvania railroad detectives to investigate a series of freight car robberies in Chester and Newell during the latter part of the spring and early summer in which several hundred dollars worth of groceries, meats, dry goods and similar articles were carried away.

Doty and Cull, when arraigned before Justice A. G. Allison in Chester, were held for the grand jury which meets in November. The two men were said to have been members of the gang suspected of implication in the thefts.

The two men who escaped were locked in the same cell at the New Cumberland. One other prisoner, from Weirton, friend of the two prisoners, visited the county jail last evening after dark and after sawing away the bars over a small outside window, which leads into the cell, passed Doty and Cull a brace and bit and a steel saw.

By means of a temporary scaffold which they arranged, the men sawed an opening in the solid steel roof of their cell and thence through the slate roof over the building. Once upon the roof, the men slid to the ground, just a short drop, and escaped.

The escape was effected sometime between 1 o'clock and daybreak, county authorities declare.

The jail delivery Thursday is the second at New Cumberland within less than a year. Allen Minter, of East Liverpool serving a sentence for evading the draft, and two negroes, made a getaway from the jail last winter. Minter, who was held in connection with a robbery, was later captured.

## FIRE LOSS FOR 60 DAYS HIGH

Fire Chief Bryan's Report for Two Months Shows \$3,510 Damage.

East Liverpool's fire loss during July and August totaled \$3,510, according to the monthly reports of Fire Chief Thomas Bryan made public today by Safety Director G. L. Brokaw. The city's property loss by fire last month was \$2,910 while the loss for the preceding month was but \$610. The fire department responded to ten alarms during the month of August and 9 in July. Property endangered by fire during the two months aggregated \$39,000.

Upkeep cost for the department during last two months was \$104.32, of which \$32.55 was spent in August and \$71.77 in July.

## ILLINOIS VOTE IS IN DOUBT

**Thompson Faction Defeats Lowden Forces In Chicago.**

CHICAGO, Sept. 16.—The result of yesterday's primaries in Illinois is still in doubt early today so far as the major candidates are concerned. Nominations on the Republican ticket for governor and United States senator will not be definitely known until more complete returns are available and the fight for the Democratic nomination for United States senator is still uncertain. The only sure winner is former Senator James Hamilton Lewis, who unquestionably has won the Democratic nomination for governor.

Returns from 2,255 precincts out of 5,737 in Illinois give Len Small 127,233 votes to 126,828 for John G. Oglesby in the fight for the Republican gubernatorial nomination. Congressman William B. McKinley took the lead in the race for the Republican nomination for United States senator early today when returns from 2,163 precincts in the state give him 119,682 votes to 117,059 for Frank L. Smith.

It is certain the so-called Tammany faction of the Republican party, headed by Mayor William Hale Thompson, of Chicago, overwhelmingly defeated the "regular" Republicans, headed by Governor Frank O. Lowden, in Chicago. The Thompson ticket, headed by Small for governor and Smith for senator, apparently has carried Chicago by approximately 100,000 votes.

The fate of "Uncle Joe" Cannon, former speaker of the house is in doubt as the face of present returns, as is also that of Congressman William A. Rodenberg, of East St. Louis.

some bunch of American Beauty roses just before her husband sang a solo at the Wednesday night meeting. Thanks for the gift was expressed by her husband.

At the close of the Wednesday night meeting Don Cochran met superintendents of Sunday Schools for the purpose of arranging for the Sunday school service at the big shed next Monday night. A parade of the children will precede the meeting.

Maccabees and Ladies of the Maccabees will attend the Thursday night meeting in a body. The theme of the sermon is "Preparation For the Inevitable."

There will be a mass meeting for women Friday night when the Evangelists will talk on "The Modern Woman." Subject matter for this sermon was obtained by Bob Jones by him taking an all night trip through the bright light district of New York.

There will be no services at the tabernacle Saturday.

Sunday afternoon there will be a mass meeting for men at 3 o'clock when the evangelist will speak on "The Sins of Men."

"The Prodigal Son" will be the subject of the sermon for Sunday night. Those who will be unable to gain admission to this service on account of the crowd will be given a ticket which will insure a seat at any future service.

For the next ten afternoons, Bob Jones will devote his sermons to the Epistles of John. The first of these was given Wednesday afternoon.

The campaign will enter upon its third week next Tuesday.

"The Family Record" was the theme of the sermon of Bob Jones at the Wednesday night meeting, when members of the Masonic fraternity and the Ladies of the Eastern Star formed the visiting delegation. He based this theme upon Luke 16:19-31. In part Bob Jones said:

"You notice it don't say anything about the rich man having a funeral," said the preacher. I believe in hell, but any child who reads the Bible through but once will not understand that. But, the child who reads the Scripture for the first time would say that there was a rich man and a poor man.

"The wonderful thing about the Bible is, that it teaches such wonderful lessons. The Bible gives you a family record, but God keeps a better record than that. God knows what kind of a man and woman you were before you were married. God knows how many times you have broken your marriage vows. He knows what kind of a father you are and have been and He knows what kind of mothers you are and what kind of mothers you have been.

"Woman! let me tell you something. He has your record before you were married. He knows what kind of a wife and what kind of mother you are. I don't blame people for trying to hide their family skeletons in a closet. Why expose the shame and sin of a home, when you need not expose it. The omnipotent God is also keeping

**Don't be surprised when you find POSTUM** fully as delicious and satisfying as coffee.

**Thousands before you have found it so.**

**"There's a Reason"**

his finger on your daughter. God has kept the record unbroken. He is keeping your record in the sky.

"Everybody listen! God told us about a family that had riches and gold; of a family that was a financial leader in its community. I'm talking to some men tonight who have enough to keep their families out of want and to damn their children after you are dead.

"You watch the divorce mills grind, and you'll find that the many of the cases come from some of the richest families in the country. I have known some mothers who have the ambition to see their daughter married for money instead of love. Money may buy a woman, but it will never buy the love of a good pure woman. Money can buy bread, but it can never buy the bread of life.

"As a usual thing, rich folks have prosperity; poor folks posterity. I'm one of 12 children. If my mother had stopped at 10 there wouldn't have been a preacher in the family. I'm glad mother didn't stop. We had a whole baseball team and some men to spare.

"There are some women in this country who are crying for children, and there are some women in this country who are too selfish to have them. There are women in this country, who when they stand before the throne of judgment, are asked about that blot of blood on their hands will say it's the blood of an infant child you murdered.

"The hen with a brood of 12 chicks is like a true American mother, the hen with one chick is a society woman.

"I don't understand why some women don't love children. I can't understand a woman's heart who does not have love for a child in her heart.

"Sooner or later death comes to every home. Death is the home breaker. Death is an enemy to human homes and happiness. Sometimes it don't knock at the door. He just pushes his way in. Perhaps he's been at your home within the last 12 months. The last time he took baby, and then he said 'I'll be back and get you later.' Next he came and got mother, and then he came back and got father. Think of the plans of the family of the past that have been buried and then death came in.

"The grandest thing on earth is a happy home. I've been a homeless wanderer all my life. Yet I have a home. The next time death comes to your house he's going to take you whether you're ready or not. When I leave a town, I buy a railroad ticket and check my baggage before the train comes. I'm ready for the train. I've been busy all my life, but I've refused to wait to prepare for death.

"This family we're talking about tonight was a family with one member in hell. If I had to, I could give up my wife, but through by tears I could look upward and say, 'Thy will be done.' But, I can't stand to see a loved one die outside of Christ.

"There are some folk here tonight who have a loved one who will go out into a dark eternity. Are they prepared to make the journey?

"About the worst thing I know is to have a loved one in hell for whom I'm responsible. I'm talking to fathers and to mothers tonight about your children and loved ones who are outside of Christ. One day God reached out and placed a baby in your arms, mother, and you haven't raised that child as God would have you rear it, and when she grew up perhaps you saw her leap into a hopeless eternity.

"I'd rather go to hell a thousand times than to have my boy go to hell through my carelessness.

"Let me tell you something; if you ever expect to save your families you have to turn mighty quick.

"The saddest picture on earth I know of is a whole family going to hell.

"The finest picture on earth I know of is a whole family going to heaven. More than half of my immediate family are there now.

"When I get to Heaven, and I'm trying so hard to live my life that some day I'll get there, I don't want to say when I see my family: 'Tom didn't get there; Dick missed it.'

"Sin separates a family. Sin destroys and severs it.

"This family we're preaching about tonight had every chance they needed to be saved. If you turn your back to God now, you needn't ask for another chance. You have the Bible; you have the church and you have your family. You may be the only one in your family to be a Christian and if you are, you can have an influence over others.

"Men and Women, don't you play with God. The lamp burns tonight, but before morning the light may go out. Any man who tells you he never had the sense of fear tells a falsehood. I'd rather be scared of God than to be a sinner. For 2,000 years men and women of all kinds, of all classes have been coming to Jesus and He's never turned one of them down. He never turned any one out. I've known a mother who would disown her own child, but I never, never seen a sinner Jesus wouldn't have.

"Think of a young man going to bed tonight with all his sins hanging on him; think of a young man going to bed tonight with all his sins forgiven. Now's your chance. Fathers and mothers, don't miss the chance."

**Wednesday Afternoon Service.**

For five minutes prior to the afternoon talk, the meeting was given over to the utterance of resolutions made by those who have been attending the services. A score or more spoke. The first to speak was a young woman who said that "the meetings had given her courage to pray in public."

Bob Jones did not read the first Epistle of John, but with Bible in hand he took this and that verse from the beginning to the end and brought out many points.

"There is an element of teaching in evangelistic work," said Bob. "The subject of the first Epistle of John is addressed to Christian people. The subject is one of fellowship. It tells us how we can live in harmony and communion with our neighbors."

"There are things in the Bible for all classes of people, Jew, Gentile and Church of God. The Jew has his place, his curses and his blessings. The Bible is divided for the use of all, none being excepted.

"John talks all through his Epistle how we can live in communion with God. He tells us how sin destroys fellowship. It is wonderful and the more I read of it the more I enjoy it. 'The hardest thing a man or woman can do is to live without religion, and

## LEGION SOON TO OPEN CLUB

**Veterans to Set Date for Affairs At Meeting Tonight.**

Date for the formal opening of the new club rooms of East Liverpool Post, No. 4, American Legion, will be decided upon at a meeting of the organization this evening at 7 o'clock in the second floor of Carnegie public library.

The post has taken a lease on five rooms in the second floor of the Owen building, Washington street, between Fourth and Fifth streets. The rooms have been re-painted and re-papered and new electric lighting fixtures installed. Attractive furniture is being placed in the rooms and everything will be in readiness for occupancy.

A quiet campaign for members will be launched next week. Plans for the membership solicitation will be laid at tonight's meeting. A program of activities for the fall and winter will also be outlined this evening.

tured, although no trace was ever secured of the other fugitives.

Doty, it is thought, will return to his old haunts at Toronto and the authorities there have been asked to keep a sharp lookout for him. He formerly occupied a houseboat there. A truckload of loot, alleged to have been stolen, was later recovered on Brown's Island near Toronto, where it had been buried after being brought down the river in a skiff.

every building in the neighborhood in search of isolated instances of injury.

NEW YORK, Sept. 16.—Two unidentified men and one woman died at the Broad street hospital at 12:30 o'clock from injuries sustained in the explosion. The hospital officials now say that many of the injured are in a precarious condition.

All dry land crabs visit water for the purpose of laying eggs.

the hardest thing a Christian can do is to live without Christ.

"That's pumping water out of a dry well. If a man or woman hasn't anything in him or her you can't get anything out of them.

"John says: 'I've come into touch with that Life and I want to tell you about it.' If we find anything that helps us as a Christian we ought to give it to some one else—pass it along. What we get, we get to give out. John says: 'I'm not talking to you about the world; I've not discovered a gold mine.'

"John says: 'I want you to have a good time: I want you to go about the world with a smile on.' Men and women, your heart is so big that it takes God to fill it. The smallest heart you can find in this town is big enough for God to get hold of. I wouldn't give five minutes of a lifetime away from God for all the joys of this old world. I want to say to you, that the only religion this old world wants, is one of rest. This old world was never so tired and in need of a rest as it is now.

"You and I can't bring young people to Christ if we wear a shroud and carry a coffin. Shake off the dust of the tomb if you want to get somewhere. The world don't like corpses and funerals. Shake off that shroud and put on resurrection garments. I like to hear Christians get up and say 'Blessed be Jesus.' God never intended Christians to go through life in agony. Christians can die rejoicing in fire and flame.

"It's every Christian's privilege to walk in the light of God and do God's will. You just walk right and God will soon reveal his will. The greatest brotherhood on earth is the brotherhood of the saints. If we see the light of this brotherhood the less we'll think of other brotherhoods.

"God wants communion with you infinitely more than you want communion with God. God suffers more infinitely more than ever a child suffered. The trouble with our Bible study is that we go to the Bible with our minds made up. I believe in the Sovereignty of God and that He died to save others. I have no system of theology. The only standing a man has with God is his profession. Jesus Christ by His blood has cleansed all from sin. If we deceive ourselves, the truth is not in us. If a man wants to take issue with God that is his privilege.

"If you want to know how nice some people are, you ought to ride in the smoking compartment of a sleeping car at night and hear men talk about breaking their marriage vows.

"Men who say they come into this world without the taint of sin upon them only deceive themselves. If we say we haven't sinned, then we live in the past. God says: 'all have sinned.' This theological stuff don't keep I believe in learning little children about God. Sin was never a blessing to any human life. No man, from his babyhood, can look back and say he hasn't sinned. If he does, he makes God a liar."

## J. P. MORGAN & CO. OFFICES WRECKED

(Continued From Page One)

have been on the car wrecked in front of the Morgan building, was taken out by Dunham Beeson of 171 South Third street, South Orange, N. J.

SOUTH ORANGE, N. J. Sept. 16.—Dunham Beeson of this city, whose automobile was wrecked in the explosion in front of the offices of J. P. Morgan and company, in New York city, was manager of the Fireman's Pharmacy, Broad and Market streets, Newark, N. J.

Beldon left the pharmacy this morning to go to an office in Wall street. It was not known what he carried in his automobile if anything.

Mrs. Beldon when seen at her home declared:

"When Mr. Beldon left home this morning he said he was going to Wall street. I have been in touch with his office in Newark and they tell me he left there to go to Wall street and they have not heard from him since. They were trying to locate him."

Beldon was not hurt in the accident. He called the pharmacy in Newark on the phone shortly after 2 p. m. from the office of Wall street accountants in New York city.

Beldon said he had come to Manhattan this morning and parked his car in front of 52 Wall street, behind a Pierce-Arrow automobile. So far as he knew there was no collision between his car and an automobile truck. He said he was in the office of the accountants when the explosion occurred. He did not know the cause. He failed to call the pharmacy or home because he did not think anyone would connect him with the explosion. His car was wrecked by the blast.

A hole eight inches in diameter was torn in the sidewalk in front of the assay office of the United States sub-treasury, across the street from the Morgan offices. Windows were broken in buildings within a radius of a quarter of a mile from the scene. The United States regulars thrown about the sub-treasury were under command of Col. Bluemell. There were 100 soldiers from an infantry unit station on Governor's Island, head quarters of the department of the east U. S. A. With fixed bayonets and loaded rifles they paced up and down the street. An army of workers began clearing away the debris within the Morgan offices and streets outside searching for more bodies.

Frank Francisco, one of the first investigators from the department of justice to arrive, expressed the conviction that the blast was due to a load of high power explosives in the street, possibly from collision with another vehicle. Francisco said that it was one of the most powerful explosions that had ever occurred in the United States and that it rivaled the famous Black Tom explosion during the war.

NEW YORK, Sept. 16.—It was estimated this afternoon that the damage to Morgan's bank would be between \$500,000 and \$600,000. The huge glass dome over the main floor is shattered.

Practically all employees sustained injuries of some sort and more than a dozen were badly hurt, while as many as seven were killed. The bomb proof netting behind the windows of the Morgan offices on the Wall street side was twisted and bent but it is believed to have saved lives.

CHICAGO, Sept. 16.—Allen O. Myer, chief investigator in New York for the W. J. Burns National Detective agency, declared here today that the explosion that wrecked the banking offices of J. P. Morgan and company in New York was the opening outrage of a contemplated reign of terror the country over. As late as two weeks ago, Myer said, his firm had sent letters to all its clients in the east warning them of an impending reign of terror by Communists and Bolsheviks.

Myer also declared that the "Reds" have promulgated an intrigue to tie up every railroad and steel company in the country before snow flies.

Myer is here to appear before the grand jury in connection with the alleged Nicky Arnstein bond swindle involving a Chicago broker.

NEW YORK, Sept. 16.—(1:08 p. m.)—Dr. Savage of the Broad street hospital makes the statement that in the

## TRADING ON ALL EXCHANGES SUSPENDED

NEW YORK, Sept. 16.—Trading in all of the various exchanges in the financial district was suspended this afternoon on account of the Morgan bank explosion. All the members of the cotton exchange fled from the building.

The following announcement was made at the stock exchange: "The stock clearing corporation directs that there will be no clearing sheet tonight. Notice regarding day clearing branch operations will be issued later in the day.—H. S. Matin, assistant secretary."

## JACK GLYDER IS ARRESTED

(Continued From Page One)

terday and had a Toronto man purchase a pair of silk hose at Glyder's Toronto store. He identified the socks as the same brand as that handled by him and inquiry at the factory disclosed that Glyder had not purchased any of the stock from that firm, it is said.

Glyder will be brought to East Liverpool this afternoon and held for a hearing tonight before Mayor J. S. Wilson on a charge of breaking and entering. He admitted to Chief McDermott, police say, that a part of the stolen loot was included in his stocks, but declared that he had bought the merchandise from another party. He had been selling the goods at almost wholesale prices to stimulate trade in his new location, police declare.

The looting of the Davis store here on Friday, August 27, was one of the boldest robberies of its kind in the city's history. At 4 o'clock in the morning the robbery police headquarters received a call from a party claiming to be an officer of the Midland, Pa. police force, stating that a woman who had slashed a foreigner in a fight was escaping in a machine toward East Liverpool. All available officers were dispatched to the state line to apprehend the woman and the downtown district was deserted.

During this brief interval, the Davis store was entered and completely ransacked. The entire stock was carefully gone over and only the choicest merchandise taken. So complete were the thieves in their work that Davis did not have enough stock left to reopen for business Friday.

Glyder, who came here from Baltimore less than a year ago, sold out to Davis, a Pittsburger, four months ago. The new owner was just re-stocking the establishment with new fall stocks when the robbery occurred.

neighborhood of 200 persons injured in the explosion have been received at the hospital. He said that practically every available inch of space in the institution was now occupied by the injured. The police now also estimate the number of injured at 200. A call has been made for assistance from other hospitals and Wall street is now the scene of rushing automobile ambulances.

Doctors and nurses began coming into the street in large numbers to care for the wounded and private automobiles were commandeered by the police and by soldiers from Governor's Island to carry the wounded to hospitals.

Broad and Wall streets, the financial heart of America, resembled a battlefield with dead and wounded, blasted streets and soldiers on duty.

The main floor of the Broad street hospital where most of the injured were taken was covered with blood so great were the number of victims. There were insufficient cots and the injured were laid in rows upon the floor.

Several of the injured were said to have died in the hospitals while their wounds were being dressed.

Police, detectives and government secret service agents who investigated the explosion from all angles, were beginning to incline to the opinion that at 1 o'clock that the explosion was an accident.

## COUNTY NEWS

### LISBON GIRL INJURED WHEN HIT BY MACHINE

Mabel Mills, aged 10, daughter of Mrs. Mary Mills, was knocked down on the public square Thursday morning by an automobile driven by George Bailey of Salem, who had come over to attend the fair. The child was badly bruised, but no bones were broken. She was standing at a crossing with a lot of other children, and ran upon the street against the fender of the machine, which knocked her down.

Health Board Has Busy Day. The County Health Board had a busy day at the fair Wednesday. During the afternoon they examined 56 children, mostly babies, gave the parents charts and suggested treatment in a number of cases. They also took care of a number of minor injuries resulting from accidents and gave aid in some cases of illness. Two Boy Scouts had been detailed to duty at the health headquarters. Miss Grace Bensing, visiting nurse at Salem, Miss

### Florence Dark, of the State Department of Health and several volunteers assisted the regular health force in the work.

The Red Cross also had a first aid station at the fair and handled quite a number of cases. The Boy Scouts worked with them.

### Italian Under Arrest.

Vincent Manlovich, wanted at Warren on a charge of murder, was arrested in Lisbon Wednesday night by local officers from Mahoning county. Manlovich was with another Italian named Frank Syski near Warren when George Pulasky was shot and killed. Syski was arrested at the funeral of the dead man and blamed the shooting on Manlovich.

### Local Woman Sentenced.

Mrs. Clara Thompson of East Liverpool was sentenced to six months in the Marysville prison by Judge S. W. Crawford Thursday morning on the charge of contributing to the delinquency of a fifteen-year-old girl. The woman's husband is in the Canton workhouse on the same charge.

Mr. Rockefeller would not be greatly agitated, it was stated, if the government came and demanded his fortune, but would probably remark: "Here it is: You will find it in good shape and has been well taken care of."

COLUMBUS.—The parade on the opening day of the American Legion national convention at Cleveland, Sept. 27, will be the largest of its kind since Armistice Day, according to A. R. Mcnigg, state commander.

A special train, leaving Columbus on Sept. 26, will carry Central Ohio delegates and visitors to Cleveland.

## BEATS GASOLINE AT 15 CENTS A GALLON

New Invention Makes Fords Run 34 Miles on Gallon of Gasoline and Start Easy in Coldest Weather. Other Cars Show Proportionate Savings.

A new carburetor which cuts down gasoline consumption of any motor, including the Ford, and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 1061 Madison Street, Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 per cent to 50 per cent, but enables everyone to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather without previously warming the motor. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents to whom they offer exceptionally large profits. Write them today. Adv.

## HOWELL GANG MEMBERS SHOT

Police Claim Toledo Bandits Operated in the Ohio Valley.

Of interest to residents of this section of the valley are accounts of the gun battle between a gang of alleged bank robbers and detectives in Toledo, Tuesday, in which Archie Dennison, alias Joseph Pouches, was shot to death, and Joe Rivers, alias "Chief" alias Armando, alias Comboy Hill, was fatally wounded. Both Dennison and Rivers, it is said, were members of the Dick Howell bandit gang that worked out of Toronto several years ago.

Gun play took place from a squad of fifteen detectives from Toledo raided the rendezvous of Dennison, Comboy Hill and other members of the band. Over 100 shots were fired during a ten minute battle.

Dennison was instantly killed during the fight. Joe Rivers is in Mercy hospital, Toledo, riddled with bullets. He is not expected to live. In the same hospital is Stephen Quinn, a detective, with a bullet wound in his hip.

Howell, Dennison, Rivers and others, police claim, carried out a campaign of looting and plundering in this section previous to Howell's departure to the northern section of the state.

## MEETING OF WOMEN'S DIVISION OF CLUB

Members of the Women's division of the Lincoln-McKinley-Roosevelt club will hold their first political meeting in the city hall auditorium next Friday night.

The recently organized Women's Republican club will act in conjunction with the men's organization here during the fall campaign. Officers of the club follow: President, Miss Nan Stevenson; first vice president, Mrs. C. Bowers; second vice president, Mrs. D. T. O'Hara; secretary, Miss Blanca McLean; treasurer, Miss Mary Stokas.

At Tuesday's session preliminary organization steps were taken. Attorney Lodge Riddle of Lisbon, Attorney Frank Wells and J. J. Grafton, members of the Republican central committee, gave short talks.

Approximately a hundred women have joined the organization. An intensive campaign for additional members will be waged.

## BIG CROWD GOES TO COUNTY FAIR

JOLIET, Sept. 7.—Fairmount, in Lockport township, near here, has a mayor and police officers of its own. And the city objects to outside police intrusion.  
A few weeks ago the mayor of Fairmount told the sheriff of Joliet to keep out of Fairmount. The sheriff

had heard reports of illicit "booze" making in Fairmount and wanted to "clean up" the village. The mayor objected to the interference and said if the Joliet sheriff ever came to Lockport township he would be forcibly ejected therefrom.  
But the sheriff at Joliet is a sagacious official. He paid small heed to the warning, as was proven when

he, with deputies, entered Fairmount early one morning before the mayor and police officials had their daily ration of bacon and eggs and made a first-class raid, confiscating several gallons of raisin whiskey and arresting a man for liquor trafficking.  
After it was all over the mayor of Fairmount said: "Well, he wouldn't do it if I'd a known he was comin' b'gosh."

## BUMPER FAIR ATTENDANCE

According to estimates made today, more than 20,000 persons paid admission to the seventy-first annual Columbiana county fair at Lisbon yesterday, breaking all attendance records in the history of the association. The attendance on Tuesday, the first day, was also large, while all Y. & O. cars are crowded and roads leading to Lisbon are jammed with traffic today, the closing day of the annual feature.

The 1920 fair, indications are, will prove the most successful the county association has conducted, not only in point of attendance, but also in the large exhibit of cattle, hogs, poultry and other live stock, besides the displays of farm machinery, etc., which are always featured. Likewise, the racing program for the three-day event has been interesting, the number of entries surpassing expectations.

Not only in Columbiana county has an unprecedented attendance been reported at the county fair. Residents of rural districts and those from the city alike seem to be interested this year in most of the state and county fairs.

These fairs are productive of valuable results in most communities. In one region within the last few years the raising of grade cattle has practically ceased, only registered stock being handled. The movement was started at the county fair. In other communities the quality of farm produce has undergone just as remarkable a change. It is difficult to go to the fair and see first grade grain and potatoes and blooded stock which were raised by the next door neighbor, and go back to one's own farm contented to produce inferior stuff. This is the true mission of the fair, though its social features are not to be depreciated.

Of course, the more people who attend these functions the more widely the seed of successful and progressive farming will be sown, and the increasing interest in fairs may well mark the beginning of the greatest agricultural era the nation has ever known.

## THE IGNORANT MARKETER.

Experts have pointed out frequently that 95 per cent of all the money that is spent for food is spent by women. Yet those familiar with the ways of the feminine marketer declare that the majority of women select food for color and flavor rather than for its food value.

In these days of excessive prices it is unfortunate that those who spend so large a portion of the nation's wealth in supplying its tables should be ignorant on such subjects. They should study food values and the relation of one article of diet to another, so that they may go about their shopping with intelligence and economy. Children should be trained along these lines also, so that they may help in one of the family tasks and acquire valuable knowledge for the future.

The Department of Agriculture issues three pamphlets dealing simply with these matters, and the home buyer who is shut off from other study of household economics will find them helpful. They come under the headings: How To Select Foods; 1. What the Body Needs; 2. Cereal Foods; 3. Foods Rich in Protein.

It is a pity not to use all available information in dealing with a subject of such importance.

## THE LADY AND THE SLATE

Women of East Longmeadow, Mass., did not approve of the slate prepared by the men for the local elections. So they walked into the town meeting, smashed the slate into a thousand pieces, reversed the program planned by the Selectmen and did their own nominating.

This does not look as if women, in Yankee regions at least, were going to follow tamely in the lead of the men. On the contrary, with true Yankee git-up-and-git they are doing not only their own thinking but their own acting as well.

Whether the new plans for the government of the town are better than those prepared by the men, time alone can tell. But it is safe to say that there is going to be more active interest in the local politics of East Longmeadow the coming year than there has been for many a decade previous.

Active interest, moreover, and direct, swift action based on that interest, is what most towns need. A good fall housecleaning, of the thorough New England type, would not be a bad thing for town halls.

## POSTAL MARKETING

Unsatisfactory methods of distribution are recognized as serious factors in excessive living costs. The Bureau of Labor and the Postoffice Department have devised a new plan for bringing farm produce to the consumer which is said to promise good results in lowering prices.

Under this plan the postoffice would collect and deliver food-stuffs much as it does mail now, but the process would be simpler than the old parcel post service with its call for approved wrappings and danger of loss from imperfect storage and refrigerating facilities.

The idea is to map out suitable agricultural areas adjacent to important centers of population, the extent of the area dependent upon the number to be fed and the productivity of the land. Motor truck routes would then be established by the postoffice which would enable the farmers to market their produce directly without requiring the services of middlemen. It is estimated that for the city of Washington, D. C., the plan would result in a retail saving of 10 to 27 per cent.

Producers and consumers should welcome such an experiment in any community.

During one week recently, the railroads say, they moved 964, 836 freight cars. But where did they move 'em to?

Now if men could only let their wives do the voting for them!

## NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Sept. 16.—Thoughts while strolling around New York. A blonde young man in a sport shirt. I thought there was some law against these things. Hard faced woman in the door of a dancette. They dance now from 10 a. m. until midnight. Chorus girls in sweaters and bloomers getting a breath of fresh air at the back stage door. An itinerant photographer takes their pictures in tin types.

Chattering loft workers pour out of buildings for lunch. All the girls are touching up their lips. Willie Collier tells of a man hair-dresser who announced in a rage that he would starve before he ever shaved another eye-brow. There's a red corpulent man for you. It was in this hall that I first heard Paderewski. You can never tell about these pale, thin fellows.

James K. Hackett standing in front of his theatre—the Criterion. It is a movie palace now. The first overcoat! In a few more weeks I'll look and see what the moths left of mine. Everything seems quiet around the Lambs. But you can never tell. Europe was never so peaceful as it was a few months before the fight. A Syrian woman talking to a Chinaman. Both are street peddlers. Joe Weber now calls himself "Joseph Weber" on the billboards.

They're marking shoes down to \$16. There's too much reckless price slashing in this town. Will Rogers in town from California. Still chews gum. Great comedian. And the movies nabbed him. There goes the Florida troupe to the train. Bet some of the girls come back with millionaires. Sailors walking with their arms around their girls' waists. It's great to be young.

An old gentleman taking an ice cream soda out to the traffic cop. An omnibus filled with blind children. They are all laughing. Cap Churchill has opened his restaurant again for the winter. He's going to stick to the cabaret business until the last gasp. Only about four first class cabarets left. Prim old ladies in cabs come up from lower Fifth Avenue—the last remnants of a shabby aristocracy.

Comic strip artists and cartoonists are reputed to be the worst spellers in any profession. Almost every cartoonist has a dictionary on his drawing board. Yet a glance at signs around New York show some rare feats of spelling. A huge electric sign on Twenty-third street carries the catch line: "For he who knows!" "Drive Slow" is a classic in almost every public park. A Broadway window carries the word "Cafeteria." Ten signs on Columbus avenue announce "Stationary and Cigars."

Members of the social set in a Long Island colony have received the following engraved announcements from Reno: "Mr. and Mrs. — announce their divorce on the grounds of incompatibility. They wish their friends to know that they part with good feeling and mutual esteem."

Ben De Casseres, poet and philosopher, brown and fit from a protracted vacation at the Polo Grounds, returned to his night haunts of Broadway recently for the winter. He found all the old familiar faces gone. At 11 Jack's was as quiet as a stucco parlor before the usual tipped-off raid. The jazz shops held only a few sleepy, yawning waiters, at midnight, and the center of the night life three years ago was pad-locked. The head waiter was going over to Central Park where a lot of rones play croquet under the electric lights and eat pickles sandwiches and drink sarsaparilla. On the surface New York sleeps, save for the theatre crowds at 11. But a peep into the private clubs, apartments and residential sections reveals that there are some faint flashes of gay life left.

## WHAT YOU READ LONG TIME AGO

TWENTY-FIVE YEARS AGO.  
Sept. 16, 1895.

Miss Mamie Simmers entertained a party of friends at her home on Broadway last evening.

Charles Hall, of Kossinthe street is suffering from a carbuncle on his left hand.

John Anderson returned home last night after a two weeks' visit in Pennsylvania.

Clem McQuilkin left this morning for a visit in Summitville.

## FIFTEEN YEARS AGO.

Sept. 16, 1905.

George T. Blake of Columbus is the guest of his parents, Senator and Mrs. W. V. Blake.

Miss Montrose Kuhn entertained a number of her friends last evening at the home of her aunt, Mrs. James Waggle, of Ross Meadows.

Will Peake and Lyman Rinehart attended the Lisbon Fair yesterday.

The golf links at Kenilworth were formally opened at a garden party yesterday afternoon.

R. L. Cooper of Uniontown, Pa., is spending his vacation with his parents in Orchard Grove avenue.

Just What She Needed.

"I used a little of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Viola Bankson, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

## WOMAN, PREPARING TO VISIT FAIR, DIES

Just as she was inspecting the chicken houses before leaving for the county fair at Lisbon, Mrs. Henry Hephner, 78, was stricken with heart trouble and died shortly before noon Wednesday at her home on the Black road, three miles south of Lisbon.

Mrs. Hephner had been in good health. The family had made all arrangements to attend the fair and the woman had gone out into the farm yard to see that everything was in shape to leave when she fell dead. Her husband found her lying in the chicken yard.

Deceased is survived by her husband and one son, Thomas, who resided at home.

## BUY BABY BLANKETS.

PIQUA. — The Dayton chapter of the Red Cross has purchased 1,000 baby blankets from Piqua mills. These blankets, which cost \$1.50, will be sent, together with layettes, to sections in South and Southeastern Europe. Another shipment of baby blankets is expected to be made soon to the Dayton chapter.

## Chamberlain's Colic and Diarrhoea Remedy in Michigan

Mrs. A. H. Hall, Caseville, Mich., says, "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved our baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

## Owe Their Health To

Lydia E. Pinkham's Vegetable Compound — overshadowing indeed is the success of this great medicine. Compared with it, all other medicines for women's ills seem to be experiments. Why is it so successful? Simply because of its sterling worth. For over forty years it has had no equal. Women for two generations have depended upon it with confidence.

Thousands of Their Letters are on our files, which prove these statements to be facts, not mere boasting.

## Here Are Two Sample Letters:

### Mother and Daughter Helped.

Middleburg, Pa. — "I am glad to state that Lydia E. Pinkham's Vegetable Compound did me much good when I was 35 years old. I was run down with female trouble and was not able to do anything, could not walk for a year and could not work. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E. Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Lydia E. Pinkham's Vegetable Compound as the best medicine I have ever used." — Mrs. W. YERGER, R. 3, Box 21, Middleburg, Pa.

## We Never Shut Down

Live stock keeps coming to market and we have to keep buying it and putting it through our plants whether conditions are good or poor.

Swift & Company has no control over the quantity of live stock shipped to market. Live-stock producers ship their animals to the big stock-yards markets, where they are sold through commission men who represent the shippers.

The result is that the live-stock supply fluctuates from week to week. We have to buy the animals, however many or few there are; and they have to be handled without delay.

We cannot hold dressed beef, lamb, mutton, veal, fresh pork, or any other fresh perishable meats, but have to sell them at the prevailing market prices within a few days. If we try to sell at half a cent under the prevailing prices, retailers would naturally buy from us as long as our supply lasted, and that supply would be used up very quickly. On the other hand, if we try to sell for half a cent higher than the market prices, the retailers, who shop around, would buy from our competitors and we would have our fresh meat left on our hands. We have to sell our products every day at prevailing market prices whatever those prices may be.

Half a cent up or down in the wholesale price means the difference between profit and loss to us.

Swift & Company, U. S. A.

OWEN MOORE in "THE POOR SIMP" Selznick Picture

## OWEN "The Poor Simp"

OWEN MOORE PROVIDES A LAUGH FESTIVAL IN THIS, HIS LATEST PICTURE.

His name was Caruthers and he was a simp from start to finish. He called on his best girl to propose, but forgot what he was there for. She loved him, but he hadn't brains enough to know it.

He had nothing to live for, and he wanted to die, but when everybody agreed that it would be a good thing if he did die, he changed his mind.

He was a real Simp, everything he did he did wrong. See this latest rollicking Owen Moore picture.

### SHE LOOKED LIKE A MILLION DOLLARS

When she came back—BUT.

When she had gone out they were all screaming at her at the boarding house. Particularly the landlady. She owed her two weeks' rent, you see. And her clothes were old and queer.

BUT SHE CAME BACK LIKE A QUEEN, with an outfit of clothes that made them gasp. And when the landlady saw her roll, they had to find the salts. And Napoleon Gibbs too, who was in love with her, wanted to know where she got all the pretty green.

## NINE MEASURES ARE DRAFTED

Legislature, Considering Registration Bills, Adjourns Until 3 p. m. Today.

After being in session for less than half an hour, the House of Delegates of the West Virginia Legislature adjourned its special session Wednesday afternoon until 3 p. m. Thursday.

Nine bills were introduced during the brief session relating to registration of women, increasing election facilities and capitation taxes.

The governor asked that a copy of the resolution which was received by him in the form of a printed circular be made a part of the record.

The circular was signed by E. G. Kay, G. E. Tucker and Will Gray, forming the resolutions committee of ward local. It read as follows:

"Whereas, justice is denied the workers in the courts of this great Commonwealth, by and through a lot of red tape and expense, and

"Whereas, our Governor has always taken a stand against the workers and for the exploiting class, and the time has come when we as workers know there is no longer justice to be had in the courts of this State, therefore be it,

"Resolved: That we go on record as demanding that our district officials prepare a referendum vote of our membership for the purpose of a general strike in this state as a protest to our legislators and governor against the passing of any laws to assist in railroad workers to the penitentiary or gallows at the behest of the capitalist-controlled governor, and be it further

"Resolved: That local union No. 2633, in special meeting assembled, go on record as demanding for Sid Hatfield a fair and impartial trial, by his peers, and be it further

"Resolved That we pledge our moral and financial support (and physical support if necessary); and we also ask all local unions in this state to take similar action, in order that

## BANQUET IS HELD BY TECUMSEH CLUB

In honor of several members who will leave shortly for college, the members of the Tecumseh club entertained at a banquet in the club rooms on Fifth street, Wednesday evening.

Clair Finley acted as toastmaster. Responses were made by Gruber Miller, Virgil Hassan and Robert Faudrey. At the conclusion of the banquet, officers were elected. Fay Everts was named president; Paul Finley, vice-president; Thomas Timothy, secretary, and John Glass treasurer.

## TANNERS DISCONTINUE PURCHASE OF HIDES

Jasper Potts of Wellsburg, who has been buying hides in this section for years, Wednesday, notified Chester butchers that tanners have quit buying hides and refuse to quote prices.

Hides at the present are higher than at any time in the history of the country. Butchers here expressed the belief that when the tanners again enter the field, the prices paid for hides will be lower than it has been for some time. This slump in the cost of hides will eventually mean a cut in shoe prices, it is believed.

## SUNDAY SCHOOL MEET OPENING

Delegates Go To County Convention At Holliday's Cove.

Delegates to the annual convention of the Hancock County Sunday School association which opens tonight in the Holliday's Cove Presbyterian church left Chester Thursday afternoon.

Representatives will be in attendance from every Sunday school in the county. Because of the Bob Jones revival in progress in East Liverpool, the attendance from this end of the county will not be as large as had been anticipated, although at least one delegate from each Sunday school will be present.

W. T. Parsons of Chester is the presiding officer at Friday night's session. "Coming Citizens" will be the subject of an address by Mrs. Ella M. Snow, a member of the West Virginia Sunday school association. Rev. Hugh Hanna, pastor of the First Presbyterian church of this place, will discuss, "Methods that Make for Efficiency." The appointment of committees is also scheduled for this time.

Registration and assignment of delegates will take place this afternoon and preceding the Thursday evening service. The visiting delegates will be entertained in the homes of Holliday's Cove church people.

Morning, afternoon and evening sessions will be held Friday. Preceding the Friday evening service, there will be a conference between the various district and Sunday school officers.

## RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Carnahan's Pharmacy to guarantee it in every instance.

## KNIGHTS OF PYTHIAS LOWER AGE LIMIT

At a recent meeting of the supreme lodge, the age limit in the Knights of Pythias lodge has been lowered from 21 to 18, according to word which has been received by the officers of the Chester lodge.

The first applicants for membership, by the provisions of the change, will probably be initiated in Chester next month. Three or four men, who have not yet attained the age of 21, are among those who have submitted their applications for membership on the local lodge this month.

At the meeting of the supreme lodge 17 states voted for the change, while nine others opposed it. West Virginia was one of the states that opposed the move.

## ACCUSED WEIRTON FOREIGNER IS JAILED

Nick Pavel, Weirton foreigner, charged with operating a still, has been taken to Wheeling to await a meeting of the United States grand jury which convenes at Martinsburg next month. At a preliminary hearing, the foreigner's bond was fixed at \$500. Unable to furnish it, he was taken in charge by United States Marshal John M. Short.

According to the authorities, this is the second time that Pavel has been arrested on this charge. About two months ago he was found to be trafficking in liquor but because he had a wife and several children dependent upon him for a livelihood, he was released.

The still which Pavel is alleged to have operated is said to have been one of the finest yet captured by the department.

## Prattle About Picture Plays

Talmadge fans will rejoice in the news that one of the best pictures Norma ever made, "Panthea," will be revived on the screen. Earle Foxe, who is appearing on the Broadway stage at present in "Come Seven," plays opposite Miss Talmadge in this production.

Once upon a time I interviewed Mr. Foxe, when that versatile young man was singing and dancing in a musical comedy success, "Leave it to Jane." I asked him how he liked the stage.

"It's like a recreation to me," he said. "The movies are real hard work. I've been in the hospital five times in the past two years recovering from accidents that happened to me while I was working in films, and the reason I'm not appearing in them at present is that I went blind awhile ago as a result of the studio lights. Even now I'm totally blind in one eye, and I guess I always will be."

"And yet you're going back into pictures some day?" I asked, marveling. "Aren't you afraid to?"

"Oh, I'll take a chance," he said. "That's the Irish in me!"

Incidentally, Foxe is a product of the Buckeye state. He was born in Oxford. He went to Ohio State University where he belonged to the Rho chapter of Alpha Chi Sigma, and

item for football fans!—played left end on the gridiron team for three years, making the All-Interscholastic in 1907.

Bebe Daniels is to be a "star that shines in the background" no longer. After several years of playing leads to Harold Lloyd and Wallace Reid and secondary parts in Cecil De Mille productions, Bebe is to be a star all by herself. Reallart is presenting her first in a comedy drama, "You Never

Can Tell," an adaptation of two recent Saturday Evening Post stories, "Class" and "You Never Can Tell." Conrad Nagel, leading man for Alice Brady in her famous stage success, "Forever After," appears opposite Miss Daniels.

Virginia Pearson and her husband Sheldon Lewis, have temporarily abandoned films, and are appearing in person at a Pittsburgh playhouse as the stars of a stage production, "The Hole in the Wall."

Ann May, who appears in "Peaceful Valley" with Charles Ray, has been dubbed "The Mad Hatter" by her studio associates. A recent inventory of her wardrobe revealed the fact that she has an investment of approximately \$2,000 in hats alone. She has 38 hats, averaging \$50 each.

Selznick stars are getting back on the job this week. Eugene O'Brien has returned from Bar Harbor and Poland Springs, where he and his mother have spent several weeks. Owen Moore is back from a month in Europe. Conway Tearle has returned from a fishing trip in the mountains. William Faversham spent his vacation at his Long Island estate so as to be near New York, where rehearsals for his new stage play were going on. Zena Keefe has closed her seashore cottage at Bayside, Long Island, and moved to the city for the winter.

Do You Know—That the late Olive Thomas was once a clerk in a Pittsburgh department store?

That Mary Thurman used to be a school teacher?

That Mae Marsh, after a year and a half of domesticity, is soon to return to films?

That Alice Joyce's father is connected with the Bureau of Printing and Engraving at Washington?

That Nazimova has gone to New York to start work on a filming of "Aproditte?"

That Dustin Farnum is a great

grandson of Daniel Webster, the American statesman?

That the "Marion Davies Waltz" is the latest musical hit?

That Anita Stewart's brother George will be Mildred Harris Chaplin's leading man in "Old Dad"?

## THERE WAS METHOD IN JOHN'S FRIVOLITY

SPRINGFIELD, Ill., Sept. 7.—Animat spirit of chivalry came John M. Merrick into federal court here.

Mrs. Delta Portwood was being given a preliminary hearing on a charge of violating the prohibition laws.

Merrick would "go on her bond." Excited, he started to tell the judge all about how rotten some courts are. Pounding his fists on a table and waving his arms gloriously in the air Merrick shouted defiance at the court.

Deputies intervened. A slight struggle was necessary, however, before vituperative Merrick was quieted in his outburst. In it a bottle was dropped from Merrick's pocket. The deputies sniffed at Merrick's breath and then at the bottle.

More than one-half of one per cent, they said.

Now Merrick is out under bond himself and will be asked to explain by the federal prohibition commissioner at a later hearing.

## This section certainly owes a lot to the automobile

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is being paid to tires—why tire costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U.S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it.

U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.

Select your tires according to the roads they have to travel:

## APPEALS FOR MERCY FUNDS

## Miss Moss Points Out Need of Large Red Cross Membership.

Unless residents of the county respond more liberally in the Fourth Red Cross campaign this fall, than they did during the last membership drive, the Hancock county chapter of the American Red Cross may cease to function after December 31, of this year, according to a warning which has just been sounded by Miss Florence Moss, secretary-treasurer of the organization.

During the Third Red Cross Roll Call campaign, 5,100 adult members were enrolled, these contributing \$1 each, making a total of \$5,100. In addition to this almost every school child in the county joined the Junior organization, which brought in several hundred dollars additional. However one-half of the collections must be sent to the national organization for general work, the other half to be kept for the home service.

The fourth Red Cross Roll Call drive is to start Armistice day, Nov. 11, and is scheduled to close Thanksgiving day, Nov. 25. While Miss Moss considers that the number of members secured in Hancock county during the last drive is especially high based on the population, she does not believe that the \$1 membership is sufficient to supply the necessary funds with which to carry on the vast scope of peacetime work which the Red Cross is undertaking.

The collections in Chester alone, she declared, was sufficient to pay the

## Crudoleum Marvelous For the Hair

CRUDOLEUM is a perfect anti-septic scalp cleanser, a petroleum light in color and of high natural purity; a toilet luxury; something that leaves that clean and fresh feeling. It is the source of hair and scalp comfort and the acquiring of hair beauty. That it will remove dandruff is an established fact. Those who want cleaner scalps must remove the dandruff; soap and water alone are inadequate. CRUDOLEUM has been proven adequate as a dandruff remover for both child and adult. It has been thoroughly tested and tried for years and we do not hesitate in recommending it to you. CRUDOLEUM is essential to beautiful hair and a dandruff-free scalp and clean scalp. We urge you to prove CRUDOLEUM as professional hair dressers prove it; that is by actual application; then note its beneficial results.

salary of the Red Cross representative there for but five months. Had it not been for the large amount of money in the treasury at the close of the war, it would have been impossible to keep the Red Cross in operation this long, she asserts.

While it is true that the services of the Red Cross in Weirton are more necessary than in any other part of the county, Weirton's response in members during the last campaign was more than twice as large as the remainder of the county combined.

## SIMON JOINS STATE UNIVERSITY GRID SQUAD

Fred Simon, star fullback for the New Cumberland high school last year, has reported to Coach McIntyre of the West Virginia University eleven now in training at Mountain Lake Park, Md.

Concerning the former New Cumberland high school lad, who attracted considerable attention by his work last year, a dispatch from Wheeling says:

"Simon is relatively inexperienced in football, New Cumberland not ranking high in the West Virginia scholastic eleven, but he weighs 175 pounds has a great pair of legs and from reports received from experts on the subject who have seen him play, he is a 'boar' and in addition will develop 100 per cent in his first year in college."

"It is unlikely that Simon will break into the regular backfield because Captain Lentz, Beck, Hill and Martin are going at a great pace, but at first hand, Simon looks better as an all round substitute back than about 50 per cent of the other backfield substitutes now available, and if he lives up to the expectations of his friends in the northern Panhandle, he will break into the regular lineup before the season is very old."

"He was the whole high school eleven at New Cumberland according to report, and was selected on the third All-State eleven in 1919."

## OPPOSES MOVE FOR MONUMENT

## Crawford County Man Protests Site for Osterman Memorial.

Opposing the proposed erection of a monument honoring the late Henry C. Osterman, this city, Lincoln Highway official, on his estate in Crawford county, Frank O. Sears, Crawford county, has filed two motions in Ohio Supreme court asking to have the matter reviewed.

Officials of the Lincoln Highway association plan the erection of a monument to the memory of the late H. C. Osterman, vice president and field secretary of the Lincoln Highway association, who met his death on a cross-country trip in Iowa a few months ago. Sears, whose property had been selected as the site for the proposed memorial, filed a protest with the Crawford county courts, but his motion was overruled. He is appealing from the decision of the lower courts and is also fighting an injunction filed against him which would enjoin him from defacing the monument.

## Baldness Conquered

A veteran business man, who was almost completely bald and had tried tonics, lotions, shampoos, etc., in vain, came across an Indian's elixir by which he grew a complete crop of healthy hair. The hair elixir is called "KOTAKO." Many others, men and women, have reported remarkable aid to hair growth, relief from dandruff, cessation of falling hair by using Kotako.

In a vast number of cases, when hair falls out, the roots are not dead, but remain for some time imbedded in the scalp, like seeds or bulbs, needing only fertility. The usual hair tonics, etc., are of no avail. The "Kotako" method is proved to nourish the hair and stimulate the growth. It acts so little to dry Kotako it would be a pity to lose the boon which the market brings to you.

Wonderful results reported. For men's, women's and children's hair. If you are bald, or losing hair, or have dandruff, you should try KOTAKO; it may be what is needed for new hair and in such case it is a pleasure to observe the starting of new hair and its steady decrease until profuse growth. Obtain a full box of Kotako (with \$200 Guarantee) at any drug store. Or a proof box will be mailed free if you send 10 cents, silver or stamps, to pay part advertising cost, to

## The 1921 Haynes Touring Car at \$2935 actually impresses people as a \$5000 car

TWENTY-nine hundred and thirty-five dollars never before bought such a beautiful car, such a remarkably perfect mechanical system as the new 1921 Haynes Seven Passenger Touring Car. It is really \$1000 underpriced—compared with other cars of the same value.

Owners of these cars report to us that hardly a day passes without someone expressing surprise when told the actual cost of the car. The average person thinks it must be at least \$5000.

This is natural, for the 1921 Haynes Touring Car is one

of the finest automobiles ever made, through and through.

Its high hood, superb lines, splendid finish, deep upholstery, refined fittings and general air of luxury leave nothing to be desired.

And it is more than ninety per cent Haynes-made—the famous Haynes engine is especially built by our own experts, and every essential feature of the car, from its first design to its final approval, is under the eyes and in the hands of the men who have made the reputation of the Haynes through

all the years since Elwood Haynes created and built America's first car.

The four factors of car-character—Beauty, Strength, Power and Comfort—are scientifically combined in the Haynes.

Our policy is to give our patrons the benefit of our own economies, and in this instance the difference between what you think the car can be bought for and its actual price is a genuine surprise, which you will appreciate all the more when you look at the car.

Come and see the new 1921 Haynes—or telephone Bell 57 or 683 for a demonstration.

### SEEK DATA ON COAL PROBLEM

#### Committees Considering Prop- osition to Announce De- cision Soon.

By M. K. ZIMMERMAN

Joint committees which have been working upon a proposition to have coal shipped here by river from the Monongahela Valley expect to make known their decision within the next fortnight.

Coal shortage capacity data of all plants has been assembled. Manufacturers look with favor upon the plan of river coal receipts. Little if any hope is being held out for large receipt of coal by rail, this due to the assured congestion of the roads during the holiday season and scarcity of cars.

Fuel oil is also being given tests in the potteries, this with a view of settling upon at least one source of fuel for kiln purposes. Kilns in this district which have been fired with oil have produced satisfactory results, and kilns to which this equipment has been attached will be continued under fuel oil.

No hope is held out for a gas supply for kiln purposes during the coming winter. Hence the activity of the manufacturers in securing a steady supply of coal for both boiler and kiln purposes and oil for kiln firing.

After nine years service association with the sales department of the Edwin M. Knowles China Co., George B. Fowler today went over to the Carrollton Pottery Co., of Carrollton. He will have an active part in the office management of this plant, being associated with Roy B. Henderson, general manager of the Carrollton plant in this connection.

Mr. Fowler will be on the road in seasons, traveling western territory, and taking the place of the late Charles Iseal, who traveled for this firm for several years.

Herbert K. Connors, who has been associated with the sales department of this plant for some years, will con-

tinue traveling the eastern territory. The marketing of the plant output is in the hands of Mr. Connor and Mr. Fowler.

#### Buyers in Market.

Among buyers who have been in the market within the last few days looking up back orders and anticipating future requirements have been Mr. Freidlander, with Schwartz & Co., Johnstown, Pa.; Mr. Nash, with Marshall Field Co., Chicago, Ill.; E. E. Ellsworth, Batavia, N. Y.; Robert Slick, with Watkins & Radcliffe, Detroit, Mich.; Albert Medkinnoff, of the New York Crochery Decorating Co., New York, N. Y.

Meeting of Pottery Industry Council. With Major F. M. Wedgewood presiding, the National Council of the Pottery Industry of England recently held its quarterly meeting at the North Staffordshire Hotel, Stoke-on-Trent. During this meeting attention was drawn to a letter from disabled men who served during the late war who are taking a course in pottery decorating at the Stoke School of Art. It was intimated in this letter that as trade unions objected to disabled soldiers being employed in occupations not followed by them prior to enlistment, the Government should find situations for the men on the completion of their training.

It was also decided by these manufacturers that the principle of the "Particulars" clause in the Factory and Workshop Act should be applied to the pottery industry. The object of the order is to cause publication of the "particulars" of work and rates for the purpose of enabling each worker who is paid by the piece to compute the total amount of wages payable to him in respect of his work.

#### Need Coal in France.

According to the most recent reports received from the French pottery districts, Limoges is "desperate" for coal. With this report also comes the statement that "the Treaty of Versailles has apparently not brought her very much relief in this respect."

#### To Announce Meeting Place.

Official announcement is expected to be made within the next few weeks as to the time and place of the 1920 annual meeting of the United States Pottery Association. W. L. Smith, Jr., of the Taylor, Smith & Taylor Pottery Co., president of the Association, will preside at the forthcoming session.

As an essential move in the proposed extension of financial aid to the Steubenville, East Liverpool and Beaver Valley Traction company, East Liverpool Trades and Labor Council Wednesday night appointed a committee to discuss the traction situation with Wellsville Trades and Labor Council.

This committee is composed of J. J. Weisend, William Pyles, Harold J.

#### Take Business Trip to Chicago.

John C. MacDonald, sales manager for the Knowles, Taylor & Knowles Co., together with Joseph C. Davis, salesman for the same firm have gone to Chicago where they will remain several days on business.

#### Shortage of Plaster in England.

There is a decided shortage of plaster in the English potteries, according to reports received by the National Council, and a committee was appointed to take such steps as it may deem wise to improve the situation.

### Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisided coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Duffy, Donald Thompson and Hugh Thorne. A flat seven-cent fare on all local lines of the traction company, with one cent additional for transfers, will be advocated by the central labor body. Proposal to establish a zone fare system on some of the local lines will be opposed, it is declared.

Request for a financial statement from officials of the East Liverpool War Chest will be filed by Trades and Labor Council. The central body will suggest that a part of this fund be laid aside for combating tuberculosis in the East Liverpool district.

## YANKS-SOX SERIES MAY BE DECISIVE

**New Yorkers Must Travel At Top Speed Remainder of Schedule—Indians Also Face Chicago In Series Soon.**

By H. C. HAMILTON

NEW YORK, Sept. 16.—Much depends upon the result of the series starting today in the big leagues. A pennant may hinge on the outcome of the three games scheduled between the Yankees and White Sox in Chicago, while the Reds and Dodgers will be putting on a three-game entertainment that may cut a decided figure, especially since the Giants and Dodgers are billed for five games in the near future.

Most interest will center on Chicago, for the Yankees are leading the American League by the bare margin of four points, Cleveland having gained slightly by beating the Athletics while New York and Chicago were not playing. In order to prove their claim to a pennant it will be necessary for the Yankees to win three in a row from the White Sox for the Indians are quite likely to travel at that speed against Washington, which opens a series in Cleveland today.

There can be no let up for the New Yorkers. Their season ends before Cleveland's and they must put distance between themselves and this pursuing club now or run the risk of being beaten after they have finished their schedule of games. The one ray of light rests in the White Sox, for the Indians must meet last year's champions in a series soon. Therefore it behooves the Yankees to put the Sox out of the running by winning three straight and then trust to the White Sox to lower the Indians' colors later. The Yankees have done their work against Cleveland. If some other team can step in and help out a bit a world's series for Greater New York appears assured.

The Dodgers maintained their lead in the National League by sending the Cubs along with a final defeat. Today they take on the world's champion Reds, an assignment which may delay those world's series plans. Meanwhile the Giants will be taking on the Pirates—a double-header being scheduled for today.

## HIGHS WORKING HARD FOR RAYEN

**Average of 30 to 35 Candidates Practice Daily for the First Game Sept. 25—Eight Veterans Return.**

With from thirty to thirty-five candidates working out daily at West End park under the tutelage of Coach Woodman, all of whom are engaged in desperate competition for coveted places on the "varsity" prospects, say high school officials here, are exceedingly bright for a successful season.

There remains but ten days more before the opening game with Rayen High of Youngstown, which will be played on Rayen's gridiron. Although that period of time is not as long as might be desired, considering the caliber of the opponent which the Blue and White will face, it is believed that the strenuous practice sessions at West End park daily will be sufficient to shape up the grid candidates to a formidable combination.

The first few days' practice work consists mainly in handling the ball under punts, forward passes, and the essentials of the pastime, with all candidates participating. It is expected that scrimmage work will be started by the end of this week or the first of next to give the lads an actual taste of the game before their 1920 debut.

Eight veterans of former seasons are in the running for positions but are being pushed by many of the new candidates for berths. Brooks, Bromby, Lynch, McCutcheon, Robinson, DeBolt, Hamilton and McDonald, all of last season's squad will be forced to exert themselves to regain their old jobs.

Although Coach Woodman has not yet selected any one combination he has worked with considerable success the following eleven men: DeBolt, at center; Robinson and McKeever on guards; Kider and Laneve, tackles; Bromby and McDonald, ends; Joe Vodrey, quarter; McCutcheon and Lynch, halves; Gibbs, fullback.

Both Gibbs and Laneve, from Newell, are new recruits but are working hard and their chances for landing jobs seem to be excellent. The above eleven does not by any means indicate Coach Woodman's final selections. He has been working a number of different combinations and it

are, the following: DeBolt, Robinson, McKeever, Kider, Laneve, Bromby, McDonald, Vodrey, McCutcheon, Gibbs, Lynch, Carson, Harker, McDevitt, Pepin, Watkins, Schell, Robert and John Goodwin.

### K. O. Mars Takes Count

DAYTON, Sept. 16.—Last night at the Exposition building, Blockie Richards, Dayton lightweight, knocked out

K. O. Mars of Cincinnati, in the middle of the third round. Mars went down in his own corner, following a stiff right to the jaw, which caused a compound fracture. The fight was fast while it lasted.

## RACE EVENTS ARE FEATURE AT FAIR

**2:28 Trot is Run In Two Sections on Account of Large Number of Entries—Walter Pinney Wins 2:17 Pace.**

Twenty thousand persons paid admission to the first day of the 71st annual Columbiana County fair at Lisbon Wednesday.

Ideal weather, coupled with the splendid attractions on the fair grounds, attracted throngs from every nook and corner of the county. The automobile parking place within the race track enclosure contained 1,500 automobiles at one time. All Y. and O. cars stopped at the fair grounds during the day.

Splendid exhibits of live stock, farm implements and the various mercantile booths provided entertainment for the visitors during the forenoon. A splendid racing card beginning at 1 o'clock drew thousands to the track in the afternoon.

Fair managers anticipate another record breaking crowd today. The race program will include a 2:24 pace, a 2:23 trot and a free-for-all pace or trot, the purses being \$500 in each class. The Barberton Ladies' band in new uniforms, which furnished the music throughout yesterday will again be present today.

Yesterday's race winners are as follows:

**2:28 Trot, First Division. Purse \$350.**  
First—McClellan J., driven by Harry Caton, Lisbon.  
Second—Boon, driven by A. L. Walter, Dover.

**2:28 Trot, Second Division. Purse \$350.**  
First—Captain Ports, driven by A. L. Walter, Dover.  
Second—Eddie Haywood, driven by Walter Humphrey, East Rochester.  
Third—Bobby Dawson, driven by F. Green, Dennison.  
Time—2:21 1/4.

**2:17 Pace. Purse \$500.**  
First—Walter Pinney, driven by Jas. Piper, Lisbon.  
Second—Sunshine, driven by James Walter, Youngstown.  
Third—Cuban C., driven by Clark Dennis, Ravenna.  
Fourth—Hal B. Pachon, driven by Eli Oesch, Beloit.  
Time—2:17 1/4.

**2:17 Trot. Purse \$500.**  
First—Lawrence Carl, driven by Brant Witherspoon, Canton.  
Second—Locust Bug, driven by Clark Dennis, Ravenna.  
Third—Francisco San, driven by W. O. Barnes, Wooster.  
Fourth—Blennis, driven by J. Coyne Akron.  
Time—2:17 1/4.

The Indians got ample revenge when they plastered a 14 to 0 defeat on the Athletics.

The Dodgers squeezed one run out of Speed Martin which was enough to win from the Cubs 1 to 0.

The Pirates took the first from the Braves 2 to 1, but dropped the second 4 to 1.

The Babe busted a couple, but they were in Toledo, where they don't count.

The Reds turned on the Phillies and trimmed them, 3 to 2.

## DENVER PUG IS AFTER LEONARD

**Harry Schuman Wants to Substitute for Eddie Fitzsimmons.**

DENVER, Sept. 16.—Harry Schuman, Denver lightweight, wants to substitute for Eddie Fitzsimmons, the New York lightweight, who recently decided that he needed more ring experience before tackling the champion, Benny Leonard.

Jack Kanner, widely known boxing promoter and manager, who counts Schuman as the best bet of his "stable" of boxers, wired Tex Rickard, New York promoter, immediately upon receipt of word here that Fitzsimmons had taken a "run out powder," that he was prepared to match Schuman against Leonard in a championship bout in Madison Square Garden under any conditions that the champion might name.

Schuman was formerly the lightweight champion of the United States Navy, in which he served during the World War. He has been polishing off many of the topnotchers of the lightweight division in bouts on the Pacific Coast and throughout the Rocky Mountain region during the past months, and Manager Kanner declares that he is the logical contender for champion Leonard's crown.

## OAKLAND PLAYS SUNDAY GAME

**Will Meet Independents At West End to Decide Superiority.**

With a view to differences in belief existing between the Oakland Athletics and the Independents, negotiations have been closed between the managements of both teams for a game to be played at West End park next Sunday afternoon.

Manager McClelland of the Oakland outfit is of the firm opinion that the Athletics are a faster bunch of players than the Independents. Manager Shel Pyle of the downtown crowd scoffs at the idea. McClelland points to the undeniably good record made by his club during the season. He claims a total of 25 games won and only four lost. Although the Oaklanders have not been playing the class of teams that the Independents have there is little doubt they could show up well against many of the out-of-town clubs that have performed at West End park this year.

However, both clubs have decided to let the result of Sunday's game stand as the decision in the matter, recently organized for the 1920 season, held their first practice session last night on Deidrick's hill.

Twenty-four candidates responded to the first call. There are five regulars left from last year's squad. The amount of new material out for the team leads backers of the squad to believe that the coming season will be the most successful of recent years. Charles McConville and Bobby Moutford were elected captain and manager, respectively. All grade schools desiring games will call the Lincoln school building.

# LUCKY STRIKE

## TOBACCO

The one special thing that makes you like Lucky Strike—in a cigarette or pipe—is this entirely different flavor of toasted Burley tobacco.

Nature has made Burley tobacco perfect—almost. Toasting finishes the job.

Toasting seals in the Burley flavor. Toasting closes the pores in each leaf. The Burley flavor can't come out except when you light your cigarette or pipe. Heat seals it in, heat releases it.

(You know the way a bee works on honey. Seals in all the delicious honey with a coating of wax. Same principle.)

It means something to you to have the original Burley flavor on hand when you want it.

Try Lucky Strike and see for yourself how toasting makes the flavor delicious.

BELLAIRE—Glassworkers through-  
out the country are now receiving  
higher wages. The new scale signed  
by the American Flint Glass Workers  
union and the manufacturers in At-  
lantic City in July became effective  
this week in all departments affected,  
except for a few where the raise went  
into effect September 1. The increase  
varies from 10 to 20 per cent.

COLUMBUS—As long as any moth-  
er is compelled to earn a livelihood  
at the washbasin, when she should be  
devoting her time to the proper rear-  
ing of her children, American civiliza-  
tion will be a disgrace. This is the  
claim made by D. A. Brown, supreme  
dictator of the Loyal Order of Moose,  
formerly mayor of Kansas City, in an  
address here, last week.

## FATHER GIVES BLOOD TO SOLDIER SON

James McLean and his son Lawrence, photographed shortly after the transfusion.

When told that the only thing that could save his son Lawrence was  
blood transfusion, James McLean volunteered, and today the son is re-  
gaining his health, which will be completely restored. Lawrence was  
severely gassed while serving in France, and every other method of  
curing him was tried before the last expedient of blood transfusion was  
decided upon.

## OHIO FEDERATION OF WOMEN'S CLUBS

By MRS. GEORGE E. MCCORMICK.

Problems confronting the social and  
industrial world today are greater,  
more vital and far-reaching than any  
other, according to Mrs. W. E. Schutt,  
Cleveland, new chairman of the social  
and industrial committee of the Ohio  
Federation of Women's Clubs. Upon  
the proper solution of these problems  
she believes largely depends the progress  
and welfare of the nation and the  
happiness and prosperity of humanity.  
She does not believe that the mem-  
bers of the Ohio Federation can solve  
them, but she thinks that they may be  
a mighty force in helping others to do so.

Probably the most significant need  
in connection with the industrial and  
social situation is for same and open-minded examinations of  
accepted conditions and the most widely  
accepted proposals for meeting the  
problems growing out of these condi-  
tions," Mrs. Schutt observes. "Since  
the coming months will doubtless see  
many discussions of these problems, I  
believe that our department can ren-  
der good service if we contribute to-  
ward preparing the women for intel-  
ligent participation in them. We must  
educate ourselves concerning protec-  
tive legislation for women in the un-  
skilled and semi-skilled occupations,  
in the minimum wage commissions,  
shorter working days, abolition of  
night work, etc. We must support  
legislation for these measures. The war  
is over, but child labor is not over.  
Now that the women of the  
country have the franchise our duties  
have increased and we must help to  
have this terrible evil abolished so  
that when the next census is taken  
the enumerators will not have to list  
one in six of all the boys and girls in  
the United States as wage-earners."

"My plea to the club women of Ohio  
is to work unceasingly for these  
things we believe to be right and the  
things we believe to be needed and  
to this end the industrial and social  
department pledges its fullest sup-  
port."

After thus voicing her earnest de-  
sire to make her department one of  
tremendous influence for the good of  
all, Mrs. Schutt announces the mem-  
bers of her committee for 1920-1921,  
as follows:  
Mrs. Robert D. Fisher, 223 Chestnut  
street, Hamilton; Mrs. T. A. Odenville,  
Fostoria; Mrs. Hannah Prouse,  
Cambridge; Mrs. Elizabeth Clark,  
Steubenville; Mrs. C. W. Dickens, Bel-  
lair; Mrs. H. M. Kelley, 272 Crandall  
avenue, Mansfield; Mrs. C. E. Barker,  
63 Clark place, Columbus; Mrs. E.  
H. Allen, Piqua; and Mrs. Harold T.  
Clapp, Cleveland.

Reservations for State Meet.  
Club women should not forget about  
reserving rooms for the annual state  
club convention in Columbus, October  
18 to 22. Mrs. William H. Sharp, Co-  
lumbus, president of the Ohio Fed-  
eration, and Mrs. John A. Rebel, pres-  
ident of the Columbus Federation, urge

Thirty-five new incandescent street  
lights will be turned on here this  
week. Plans completed by the board  
of trustees of public affairs call for  
a grouping of arc lights in one sec-  
tion of the city and of incandescent  
lights in another.

There is more water available for  
consumers in East Palestine than at  
any time in years, according to W. H.  
Van Fossan, superintendent of munici-  
pal plants here. New wells linked  
up with the Elmwood station and  
400,000 gallons daily to the city lines.  
Alliance high school will be the foot-  
ball opposition of East Palestine high  
on Sept. 25. The Brown and White  
will have a light but fast eleven.

Mrs. L. M. Kyes, North Market  
street, was hostess Tuesday evening  
when members of the Wesleyan class  
of the Methodist Episcopal Sunday  
school met at her home.

A. D. Ladd, superintendent of  
schools, and C. S. McCloskey, member  
of the board of education, have re-  
turned from a business trip to Wooster  
college, of which both are graduates.

Mrs. C. L. Ward entertained mem-  
bers of the Women's Christian Tem-  
perance Union at a meeting when the  
enfranchisement of women was dis-  
cussed.

## DOCTORS PUZZLED; IRONTON MAN UNABLE TO SLEEP

Frank Shafer, of North Second  
Street, Ironton, Ohio, Couldn't  
Sleep; He's O.K. Now, Thanks  
To Reese Formula R-11

In a letter to The Reese Formula  
Co., Frank Shafer of North 2nd St.,  
Ironton, Ohio, tells of his efforts to  
get relief from stomach trouble and  
the wonderful results obtained by  
using The Reese Formula R-11.

"I have suffered for a long time  
from what seemed to be a lump in  
the pit of my stomach. I was bilious,  
nervous and couldn't sleep at night.  
I tried several doctors and about ev-  
ery remedy on the market without  
relief. Hearing of The Reese For-  
mula R-11 I secured a bottle and, al-  
though I have not yet finished the  
first bottle, my stomach trouble has  
disappeared. I feel fine and have slept  
like a top for the last three nights,  
something I haven't done for months.  
I am recommending The Reese For-  
mula R-11 to all my friends for it is  
positively the greatest stomach, liver  
and kidney remedy I know of."

## MISSIONARY SOCIETY

### MEETING ON FRIDAY

The Woman's Home Missionary Society of the Boyce M. E. church will meet in the home of Mrs. Snyder in Ohio avenue Friday afternoon at 2 o'clock.

The devotional services will be in charge of Mrs. Roy Smith, Mrs. David Stanley will preside at the business session.

The members are requested to bring the September number of the "Woman's Home Missions," the official publication of the society.

The Tri-State degree staff of the L. O. F. lodges of this district held a practice session in the Odd Fellows hall, Hill building Mulberry street, Wednesday night. The team is preparing to initiate a large class of candidates at the Penova lodge rooms, East End, sometime during the month of October.

The degree team is said to be the largest in the state, being composed of 55 members of the East End, downtown, Wellsville, Newell, Chester and Smith's Ferry.

An invitation has been received by the members of the team to visit the Rochester lodge some time next month when a class of new members will be initiated.

## COMPLETE REPAVING OF PENNSYLVANIA AVENUE

## No More Stomach Trouble

A Simple, Inexpensive, Home Made Remedy. Works Wonders for Stomach Sufferers.

Mr. R. B. Currence, Charlotte, N. C. writes: "For years I suffered from stomach trouble and took all kinds of doctor's medicine, but nothing did me any good. I saw Marlix advertised and got a bottle and it done me so much good I took another bottle and it cured me. I can now eat and drink anything; am fat and feel good. I can't say too much about Marlix."

You can quickly end your suffering from headaches, gas, belching, bloating, sour acid stomach, vomiting, loss of appetite, heart palpitation, nervousness and other symptoms of indigestion and dyspepsia. Never mind how long you have suffered or what has failed. Simply get a bottle of concentrated liquid MARLIX. Prepare and take it as directed. Then watch all the distressing symptoms you've been suffering disappear. See how quickly your appetite returns; how well your food digests and your strength, vigor and good feeling are restored. Get it now and take it before your next meal. MARLIX is only 75 cents and absolutely guaranteed by The Marlix Co., Fort Wayne, Ind., and druggists. You can get it in East Liverpool, at C. G. Anderson, Little Bldg.

## LEETONIA

On Thursday of last week and again on Tuesday a surgical clinic was held by the county board of health in Leetonia. The board was assisted by local physicians and many school children were examined and a number of throat and nose cases treated.

A number of members of the order of Rebekahs from Salem were guests of the Leetonia order on Wednesday evening, when they witnessed the conferring of the degree on several new candidates.

## The oil-coat on the beard

The problem in shaving, and the cause of faulty methods, now solved by Palmolive Shaving Cream. Hot towels and finger-rubbing eliminated

This is to acquaint you with a new kind of shave. A shave such as you've never before known.

Send us no money. Simply mark and mail the free coupon. We will send you a trial tube of Palmolive Shaving Cream free and post-paid.

Note what a difference this cream makes. No hot applications are necessary. No hot towels. No rubbing the beard with the fingers.

You simply put a bit of the cream on your face, whisk it up into a lather with the wet brush—and your beard is ready for the razor!

### Quick action

Every hair of the beard has an oil-coat. Palmolive lather instantly emulsifies that oil. Then the beard—a horny substance—quickly absorbs the water. It absorbs 15 per cent of water within one minute after lathering. And that makes a wiry beard wax-like.

Hot towels, which make the skin tender, are not needed with Palmolive. Neither is finger rubbing, which means delay just when men are most in a hurry.

### Both lather and lotion

This lather is creamy and tenacious. It stays moist and foamy 10 minutes.

Palmolive is also a lotion. It contains palm and olive oils. So the tenderest face requires no other application.

### Try it free

Learn how quick and easy shaving can be. Learn what a delight it can be. Put Palmolive to the test, at our expense.

Send today for a free trial tube. The results will amaze you. Mail the coupon now.

Large size tube at druggist's, 35c

A single tube supplies 152 shaves. For Palmolive multiplies itself in lather 250 fold. One-half a gram—a mere bit—suffices for a shave.
